Honeywell

- Honeywell had profits of $5 billion from 2009 to 2012, yet it paid just $50 million in federal income taxes.

- Honeywell’s tax rate was just 1% over the last four years – the official corporate tax rate is 35%. This gave Honeywell a huge tax subsidy worth $1.7 billion.

- Honeywell had $11.6 billion in profits socked away offshore at the end of 2012, on which it paid no U.S. taxes.

- While dodging paying its fair share of federal income taxes, Honeywell pocketed $16.7 billion in taxpayer-funded contracts from Uncle Sam between 2006 and 2012.

- Honeywell’s CEO is a leader in calling for cuts to government spending and increases in the Social Security retirement age, while pressing for more corporate tax cuts. His monthly check from his Honeywell retirement assets will be over $750,000; the average Social Security retiree gets a monthly check of $1,265.

WHO PAYS? IT’S TIME BIG CORPORATIONS AND THE WEALTHY PAY THEIR FAIR SHARE OF TAXES. CLOSE TAX LOOPHOLES FOR CORPORATIONS THAT SHIP U.S. PROFITS AND JOBS OVERSEAS.
