## **ATF LAUNCHES “12 DAYS OF TAX SCAM” TO HIGHLIGHT 2<sup>nd</sup> ANNIVERSARY OF TAX CUT FAILURES**

*Daily Updates Will Show How the Trump-GOP Tax Law  
Enriches Corporations But Did Little for Workers or the Economy*

WASHINGTON, D.C. – Americans for Tax Fairness today launched “12 Days of Tax Scam,” a daily update to highlight how the Trump-GOP tax cuts, which were enacted two years ago this month, have been a gift for the wealthy and corporations but a lump of coal for workers and the overall economy.

The “12 Days of Tax Scam” campaign will feature daily news releases and social media [graphics](#) and [posts](#) contrasting the many GOP promises that tax cuts would boost the economy with actual data showing how it’s fallen far short.

### ***On the First Day of Tax Scam the President Said to Me.....***

*“I consider this very much... a bill for jobs.”*

*Dec. 22, 2017 [[NBC](#)]*

*Not so much for 1,400 employees of the oil giant Halliburton in [Oklahoma](#) and [other western states](#) who recently received Christmas-season layoff notices. Adding insult to injury, Halliburton is one of 60 corporations [that paid no federal income taxes](#) in 2018, thanks to the TCJA. And overall job growth under Trump has [actually been slower](#) than under President Obama.*
