## **“12 DAYS OF TAX SCAM” CONTINUES TO HIGHLIGHT 2<sup>nd</sup> ANNIVERSARY OF TAX CUT FAILURES**

***On the Sixth Day of Tax Scam the President Said to Me.....***

*“Our framework ensures that the benefits of tax reform go to the middle class, not to the highest earners.”*

*– President Trump, Oct. 11, 2017 [[USA Today](#)]*

*Was he kidding? Lying? Doesn't understand basic math? The richest 1% of taxpayers will get an average tax cut of \$50,000 in 2020 from the Trump-GOP tax cuts. That's over 75 times more than the tax cut for the bottom 80% of taxpayers, which will average \$645.*

*Here's another way of looking at it: In 2020, the richest 1% will receive a total of \$78 billion in tax cuts from the Trump-GOP tax law—more than a quarter of the total. That's about the same amount as the entire bottom 80% of taxpayers will get.*
