The House Republican health care plan backed by President Trump, and under consideration in the U.S. Senate, would deprive health care coverage to millions under Medicaid. The money saved would hand out huge tax cuts to wealthy families and big health-care corporations.

$834 Billion cut to Medicaid through 2026.

$660 Billion in tax cuts mostly for the rich and corporations.

14 Million low-income kids, seniors and people with disabilities lose coverage.

$190 Billion in tax cuts for insurance, drug and medical device companies.

$90,000 Average annual cost of nursing home care. Medicaid pays half of all long-term care.

$50,000 Average annual tax cut for millionaires. A $7 million tax cut for richest 400 families each year.
